Cabinet Magic & Vinyl Siding Wizardry

CABINET

- **self-tapping**
- **W-Cut thread design**
- **Climatek plated**

GRK's Cabinet Screws were designed specifically for uses in cabinet construction and installation. Manufactured in a #8 gauge (4 mm) diameter. These screws are thin enough to prevent most material splitting while providing sufficient strength to provide a secure installation. The washer head design presses flush against any cabinet surface.

Builders have also discovered new uses, Cabinet Screws are used in vinyl siding installation.
