RSS™ (LPS) PANEL FASTENERS

- 
- **Star Drive #25 drives fasteners with approximately 450 lbs. torque energy.**
 - **Patented washer-type head with a reinforced shoulder**
Exceptionally strong, patented, low-profile, washer type head, provides superior hold-down pressure to panel.
 - **Case Hardened Steel**
Climatek™ coated, ACQ Approved
 - **No pre-drilling is required, as does a common lag screw. Easy, fast installation in one operation. 720 lbs. of shear strength.**
 - **1/4" diameter x 3" thread length**
Very sharp deep rolled threads provide fast and easy one-step installation for extreme pulling and withdrawal power. Complete and easy removal without damage to material.
 - **Patented "W-Cut™"**
Cutting a groove for the next thread, reducing tension and pressure on fastener, providing ease of installation.
 - **"Zip-Tip™"**
For quick and easy starting.
