

Caliburn™ Concrete Screws

- patented -

- Star Drive Recess
- Complete & Effective Installation
- Case Hardened Steel

Caliburn™ Concrete screws are professionally engineered fasteners with a patented thread design for ease of driving the screw in concrete and similar applications. Available in three different head designs for multiple applications with the recommended GRK™ Drill Bits. Caliburn™, Caliburn™ PH and Caliburn™ XL are Climatek™ coated for high corrosion resistance.

Technical data for the Caliburn™ screws can be found under the Technical Data tab.
