

Climatek[™]

GRK Fasteners[™] All Weather Coating

Climatek[™] is the foremost name in corrosion protection and is exclusively available on GRK products. Originally designed for the Navy, GRK has adapted this coating for fasteners and rigorously tests it to meet and exceed all standards, including AC257.

Not only is GRK's **Climatek**[™] coating virtually indistinguishable from brass, but its gold color nicely matches almost all wood finishes. Climatek[™] is also available in a range of colors for some GRK products and can be special ordered in many more.

LIMITED LIFETIME WARRANTY to original retail purchaser. Non transferable. For warranty details see www.grkfasteners.com.

GRK's **Climatek**[™] conforms with ICC Report ESR-2442.
