PHEINOX™

- Patented
- Stainless steel
- Rust free

PHEINOX™ stainless steel screws are made from only the best grade of stainless steel wire, 305. The unique characteristics of the **PHEINOX™** wire give our stainless steel screws unmatched performance, by maximizing both torque and bending strength.

GRK's patented R4™, Pan, RSS™, Cabinet™, Fin/Trim™, and RT Composite™ screws are available in **PHEINOX™** stainless steel. Use **PHEINOX™** screws from GRK for projects that should last a lifetime.
